Our Vision

An organized and comfortable living for everyone, everyday!

Our Mission

To be the most preferred and trusted brand for providing household solutions with safety and best quality.

Introduction

established in 2005, TARUN ENGINEERS since its inception has been involved with the metal fabrication processes, catering to the needs of Indian Railways.

Under the able guidance and leadership of Shri. Tarsem Kumar Singla, we diversified into quality household products under the brand name VASNAM.

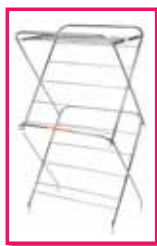

From start to finish, Vasnam is in control throughout the manufacturing process. We manufacture professional grade products built to last for generations.

At Tarun Engineers, we offer a range of household products designed for optimum space utilization in urban as well as rural households.

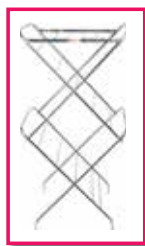

From ladders to Drying racks, Vasnam provides a range of products engineered to give you maximum safety, durability and stability. All Vasnam products meet or exceed applicable standards.

Our products are backed by the state of art design, testing, and life-cycle evaluation. Vasnam products are built to meet all quality standards. Indeed, supplying the safest equipment possible is our top priority. As Vasnam expands into new markets and product offerings, our number one goal will always be maintaining your trust, earned over generations.
